## Know the Difference

	<b>Preventive Visit</b>	<b>Routine Office Visit</b>
<b>What is it?</b>	Review of general health and wellbeing to identify potential health problems in the early stages when they may be easier and less costly to treat.	Treatment and management of new or <b>existing</b> health condition or symptoms.
<b>What does it include?</b>	<p>Review of your medical, social, and family history.</p> <p>Review of your medications, allergies, and immunizations.</p> <p>A general physical exam.</p> <p>Focuses on diet, exercise and screening tests.</p> <p>Counseling and risk factor reduction interventions.</p> <p>Age/gender appropriate Screening test and labs are ordered to find out if you have a condition.</p> <p style="padding-left: 40px;">Mammogram for breast cancer Colonoscopy for colon cancer Blood sugar for diabetes</p> <p>Once you have been diagnosed with a condition you are <b>no longer screened</b>. You will be treated and managed for that condition which may require routine visits (see next column).</p>	<p>Physical exam focused on symptoms.</p> <p>The provider may then prescribe medication, refill medication, order additional test, lab or x-ray, refer you to a specialist or discuss other treatment options.</p> <p style="padding-left: 40px;">Preoperative clearance exam Diabetes follow up Blood pressure follow up Sick visit Any acute visit</p>
<b>How much will it cost?</b>	Insurance often covers preventative visits at no charge, <b>but not always</b> . It is the patient's responsibility to find out if preventative physicals are covered on your policy and how often.	Depending on your insurance coverage, deductible, or co-payments, a routine office visit usually involves some cost to you.

**As a part of the ongoing treatment and care of our patients we require that you be seen at least once per calendar year in our office for a preventive visit or a Routine office visit to remain in good standing with the practice.**

**A preventive visit and routine office visit can often be done on the same day based on the above. Discuss this with your provider at time of service.**
